SPECIAL HOUSE COCKTAILS

7.35

Raki is a prescription free medicine for healing the heart and soothing the mind. It is a clear colour and unsweetened grape-based spirit with an anise – flavor. Adding water to it will turn it into a milky colour which explains why in Turkey this drink is known as **Aslan sutu** literally meaning ``lion`s milk`` or indeed `milk for the strong, aslan being a metaphor for a strong, courageous man.
